Agenda: The Assembly will consider two proposed recommendations as described below:

Adjudication Materials on Agency Websites. This proposed recommendation provides guidance regarding the online dissemination of administrative adjudication materials. It offers best practices and factors for agencies to consider as they seek to increase the accessibility of adjudication materials on their websites and maintain comprehensive, representative online collections of adjudication materials, consistent with the transparency objectives and privacy considerations of the Freedom of Information Act and other relevant laws and directives.

Negotiated Rulemaking. This proposed recommendation offers best practices to agencies for choosing the most appropriate of several methods—among them negotiated rulemaking—to engage the public in agency rulemakings. It also offers best practices to agencies that choose negotiated rulemaking on how to structure their processes to enhance the probability of success.
